

## The Handover of 99 Light Points of Public Street Lighting by PT Cikarang Listrindo Tbk to the Department of Transportation of Bekasi Regency

**Jakarta, June 30, 2023** – On June 14, 2023, PT Cikarang Listrindo Tbk (IDX: POWR) ("the Company"),

together with the Department of Transportation Bekasi Regency, inaugurated the Public Street Lighting (PJUM) along a 4 km stretch from Muara Bakti Village to Buni Bakti Village, which is part of the Babelan Sub-district, with a total installation of 99 light points. The Company pioneered the installation of 99 lighting points, along 4 km, which forms part of the total of 490 lighting points along a 21 km route surrounding the Cikarang-Bekasi-Laut (CBL) river.

Prior to the presence of the PJUM, the mentioned route had no lighting facilities, making the area prone to accidents and criminal activities during the night.

The installation of PJUM by the Company was based on a survey on lighting needs, conducted by the Transportation Section of Bekasi Regency to the residents surrounding the CBL river area, including those in Muara Bakti Village and Buni Bakti Village. With the spirit of "Light that Brings Goodness," the Company built these 99 lighting points for the benefit of the residents, providing comfort and safety for transportation at night along the route from Muara Bakti Village to Buni Bakti Village, which is part of the outskirts of the CBL river.

During the inauguration event, Dr. H. Dani Ramdhan, MT, as the Acting Regent of Bekasi Regency, Mr. Henri Lincoln, ST, MM, as the Head of the Water Resources, Public Works, and Construction Agency, Mr. R. Yana Suyatna, S.IP, M.Si, as the Head of the Transportation Section, Mr. H. Rudi Khoirudin, SE, MM, as the Babelan Subdistrict Head, Mr. H. Asmawi as the Head of Muara Bakti Village, and Mr. Sidi Sumardi as the Head of Buni Bakti Village were present. The government and the local community highly appreciate the Company's participation in the development of the Babelan area.

This Public Street Lighting initiative aligns with Sustainable Development Goal (SDG) number 11, which aims

to create inclusive, safe, resilient, and sustainable cities and communities. With adequate lighting, the safety and comfort of pedestrians and drivers can be ensured. It also supports the achievement of SDG number 16, which aims to promote peace, justice, and strong institutions. Through sufficient lighting, security forces can conduct patrols more effectively and maintain security in the area.

The Company, with the spirit of "Light that brings Goodness", continues to fulfill its commitment to provide positive impacts to the community, especially the local community, through various environmental conservation activities, energy efficiency, waste management, job creation, community empowerment, and social assistance provided to the people. The Company hopes to inspire other industry

players to work together in achieving the SDGs.

### **Cikarang Listrindo at a glance**

Cikarang Listrindo is the first private power utility listed in the Indonesian Stock Exchange since 2016. The Company is also the pioneer private power utility in Indonesia that started serving customers since 1993 and currently serving more than 2,500 industrial customers in five industrial estates in Cikarang, and has also supplied electricity to Perusahaan Listrik Negara (PLN) since 1996. The Company's generating capacity of 1,144 MW added with renewable energy Solar Rooftop of 12.5 MWp as of December 2022, makes the Company as one of the biggest capacity power producer in Indonesia.

The Company consistently delivers the best service and quality to customers and creates added value for all stakeholders. This is proven by the achievement of various awards throughout 2023 such as the "Natural & Cultural Potential Tourism Village Program (Deswita) in the Bronze category" and the "Socio-Economic Vulnerable Women Empowerment Program (PRSE) through Mangrove Management Innovation in the Silver category" from the Ministry of Villages, Development of Disadvantaged Regions and Transmigration with the Indonesian Social Sustainability Forum (ISSF); "Indonesia Best Companies in HSE Implementation 2023" from SWA Media Group; and "Developing Biodiversity", "Pioneering Pollution Prevention" and "Developing Integrated Waste Management" from Indonesia Green Awards 2023 and Jakarta Best Social Responsibility Awards 2023.
